Exhibitor & Address...this is your name and complete address. It is easy and fast to use the return address labels that everyone sends to you for a donation.

Award Boxes...ignore these, as they will be used by the judges when scoring your entries.

Note there is a dotted line. YOU MUST COMPLETE THE INFORMATION AT THE BOTTOM ALSO... put the same information here as in the top of the form. This part will be folded up after it is checked by the committee that takes the entries, and when folded it will cover your name and address on the top part of the form. Then when judging is finished, the bottom portion is torn off and used for calculating the higher awards.
